[The Haven Night Shelter](#) – Stonehage Fleming staff in Cape Town cleaning aids, cups and cutlery, for 'The Haven Night Shelter', which is a homeless shelter. Stonehage Fleming also bought vouchers from the homeless shelter and then redistributed among staff. Staff could give the vouchers to homeless people in the street and the voucher provides food and shelter for a night.

The Haven Night Shelter was established in 1978 in Cape Town, South Africa. With the aim to collaborate and cooperate with religious institutions, organisations, welfare bodies, service providers, businesses, government departments, local authorities and individuals concerned with the care and welfare of the destitute

[Centrepoint](#) – London staff members attended a fundraising dinner for Centrepoint's 50th Anniversary. The London Office has supported the charity over a numbers of years in its provision of accommodation and support to homeless and disadvantaged young people across the UK.

Centrepoint provides housing and support for young people in London, Manchester, Yorkshire and the North East and through partnerships all over the UK. They aim to give homeless young people a future and we want to end youth homelessness.

[Envision](#) – Eight members of the London Office have been volunteering with local schoolchildren as business mentors as they work on projects to raise awareness on, and tackle, current issues in the community. We continue to support the charity both through staff volunteers and from generous donations from our Next Generation attendees.

The programme sets young people aged 15-16 the challenge of building an awareness campaign for a cause of their choice. Along the way, the young people complete pitching challenges to develop their confidence, communication and teamwork - essential skills for later life.
